

The Chamber's 2010 Sponsorship Program

The Greater Springfield Chamber of Commerce's Sponsorship Program provides a way for businesses to advertise and promote themselves while supporting the Chamber in all the work it does to further business interests, support business-friendly legislation and foster business development.

Beginning in 2010 the Chamber will, in return for your company's sponsorship, actively market your business, including its name and/or logo on Chamber correspondence and at Chamber functions.

In addition, depending on the level of sponsorship you choose, you will receive many Chamber benefits free of charge as part of your sponsorship package.
